

# Aashar Mehmood

Full Stack Web Developer

## PROFILE

Full Stack Web Developer with hands-on experience in designing, developing, and revamping enterprise-level applications. Proficient in NestJS, React, PHP, TypeORM, and Git with strong knowledge of microservices and CRM systems. Skilled at collaborating with cross-functional teams (QAs, designers, database engineers, and clients) to deliver scalable, secure, and user-friendly applications. Passionate about building efficient systems that reduce downtime and improve customer experience. Open to remote, hybrid and international opportunities.

## EXPERIENCE

Dec 2023 - Present

**Nayatel, G-D Arcade, Blue Area, Islamabad**

### FULL STACK DEVELOPER

- Contributing to the revamp of Nayatel's enterprise CRM, migrating from a legacy PHP codebase to a modern microservice-based architecture.
- Delivered major CRM modules including Survey Forms, Survey Reports, Customer Promos, and Payment Management.
- Contributed in Authorization module, extracting and migrating role-based rights from the old CRM.
- Developed and maintained cron jobs to synchronize data between old and new CRMs, ensuring both systems stay in sync.
- Collaborated daily with QAs, database engineers, and legacy CRM team to ensure smooth transition and delivery.
- Improved system reliability, reducing downtime by 50-60% post-rollout, enabling uninterrupted Sales and Planning operations.

Mar 2023 - Dec 2023

**Dankia Solutions, Rawalpindi**

### FRONT-END DEVELOPER

- Built 4 web applications, including 3 CRM platforms, using React.
- Worked closely with designers and backend developers to deliver high-quality, scalable applications.
- Participated in client meetings to gather requirements and ensure solutions matched client expectations.
